SUMMARY

Aspiring Full Stack Developer with 1 year of experience in developing responsive web applications using React, Node.js, and Tailwind. Proven track record in launching and maintaining high-uptime sites, integrating payment solutions, and modernizing legacy systems. Skilled in JavaScript, TypeScript, and cloud technologies, seeking to leverage expertise in a dynamic development role.

WORK EXPERIENCE

Upwork

Freelance Developer

Jan 2025 - Present

- Launch 5 responsive websites utilizing React and Tailwind, integrating Stripe for seamless client transactions.
- Maintain 99.9% uptime through efficient CI/CD pipeline management.

TechFlow Solutions

Intern

Jun 2025 - Aug 2025

- Migrated an outdated PHP codebase to a contemporary React-Node architecture, enhancing system efficiency and maintainability.
- Developed over 10 reusable UI components utilizing Material UI, promoting consistency and streamlined design processes.
- Saved the design team approximately 15 hours of work weekly by implementing efficient UI component solutions.
